easy to implement, use, and scale

Proven by 100K+ customers
over the world, from startups
to Fortune 500 companies

WHY CHOOSE US

As a trusted Tableau partner with 15+ years of experience, we are proud of the quality of our work, backed up by decades of combined experience in every step data takes from raw numbers to business decisions.

High-performance team

We continually upgrade our skills and prove them with professional Tableau certification to stay on the highest level of knowledge and deliver high-quality solutions consistently.

One-stop shop
for all BI needs

Our team's skill set covers the whole data life cycle: data preparation, ETL, dashboard prototyping and design, data storytelling, Tableau development and server administration.

Proven expertise

We gained deep domain expertise in Pharma, Banking, Manufacturing, and E-commerce. In the functional area, we worked with sales, marketing, financial performance, electronic medical records analysis, supply chain management, HR data analysis, and many others.
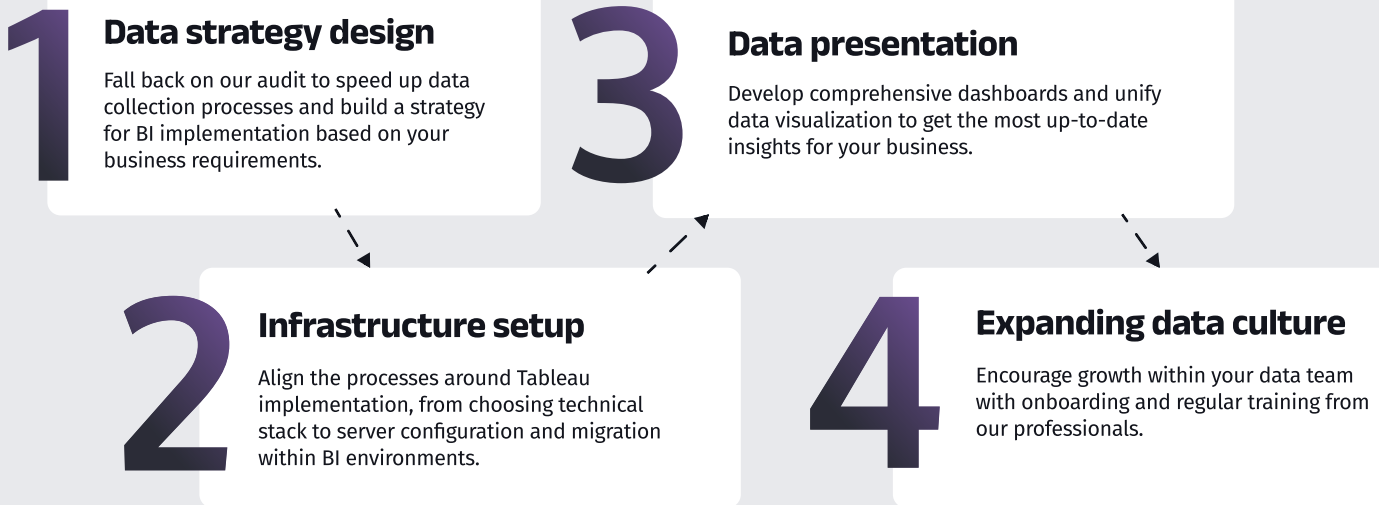

Lean approach

We seek to deliver custom high-impact, cost-effective, and scalable business intelligence solutions based on operational and strategic necessity.
